

Important !

Make sure the phantom power jumper is in the "off" position. The IM-831C gets it's power from the "PWR" connection.

If this jumper is in "on" position, it will damage the IM-831C, thus voiding the warranty.

Condenser Microphone
 Cardioid directional pattern
 40-20KHz frequency response
 200 Ohm impedance
 -42dB Output Level
 9-52 Vdc 2 mA power requirement

IM831C Hanging Microphone
